

CNMI Public School System Academic Achievement Report

SY 2020-2021

STAR Reading Results

SY 2020-2021

SY 2020-2021 STAR Early Literacy Results (Grades K-2nd)

No. of Kinder- 2nd Grade students tested:

Beginning: 1,496
End of Year: 1,499

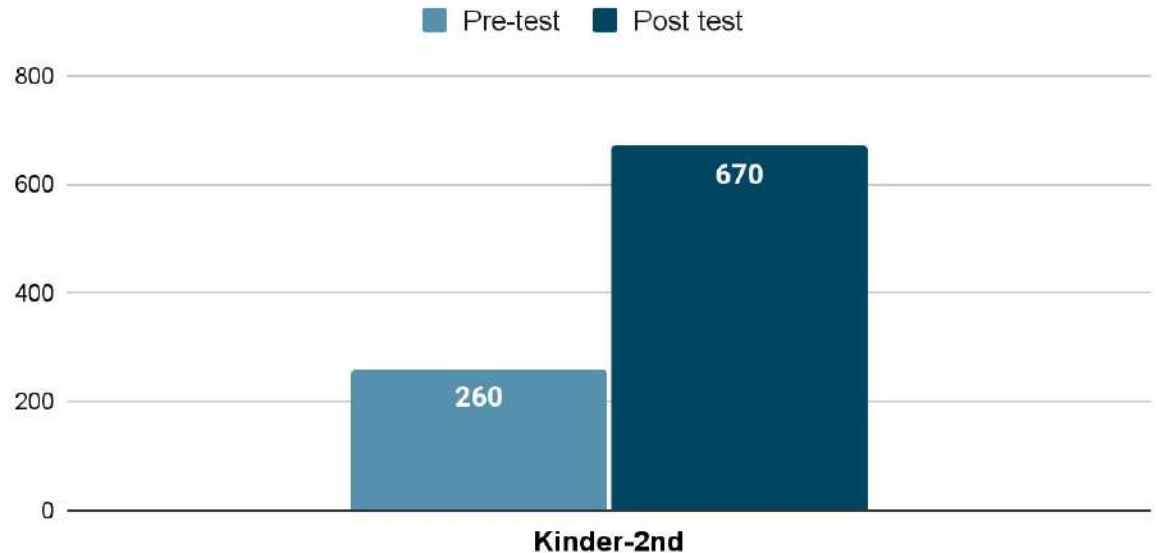

PSS Overall No. of K-2 Students who are At or Above Proficiency Benchmark:

Beginning of Year: 260
End of Year: 670

Quantitative Finding/s

- 45% of K-2 students are at or above reading proficiency benchmark based on STAR Early Literacy Assessment
- 55% or 829 K-2 students are below the reading proficiency benchmark based on STAR Early Literacy assessment

Number of K-2 Students Who are At or Above Proficiency Benchmark

SY 2020-2021 STAR Early Literacy Results (Grades K-2nd)

Number of K-2 Students who are At or Above Proficiency Benchmark based on 40 Percentile Rank in STAR Early Literacy

SY 2020–2021 STAR Reading Results ELEMENTARY (Grades 1–5)

No. of Elementary students tested:

Beginning: 2444

End of Year: 2847

PSS Overall No. of Elem. Students who are At or Above Proficiency

Benchmark:

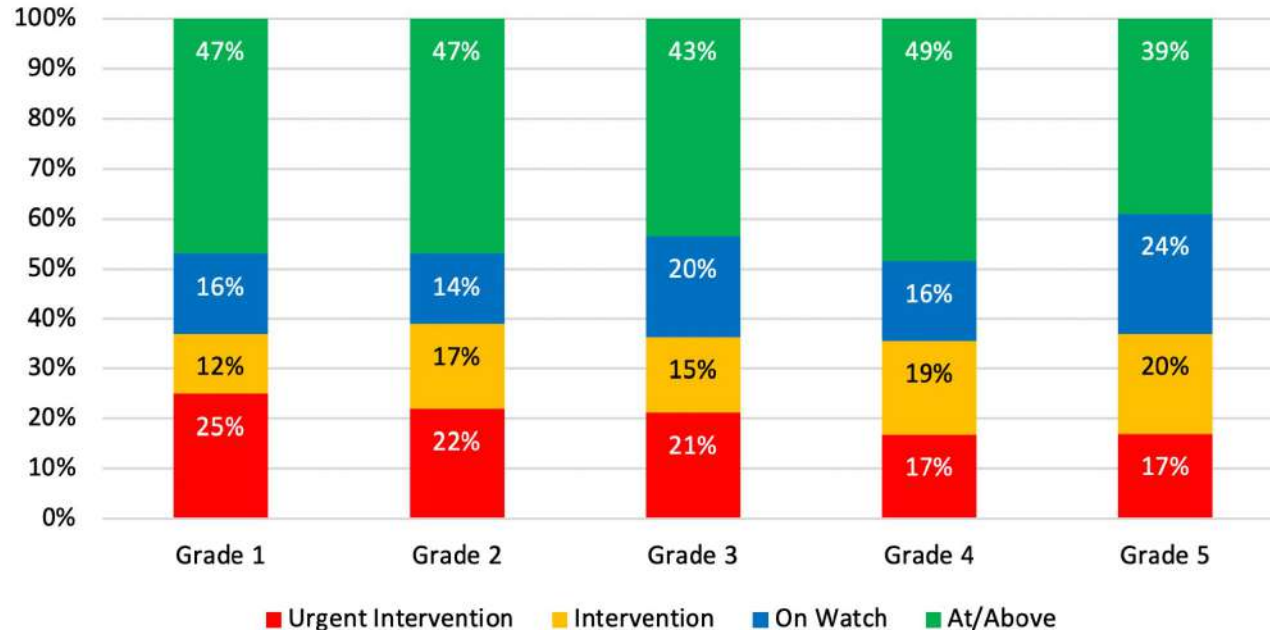

Beginning of Year: 862

End of Year: 1303

Quantitative Finding/s

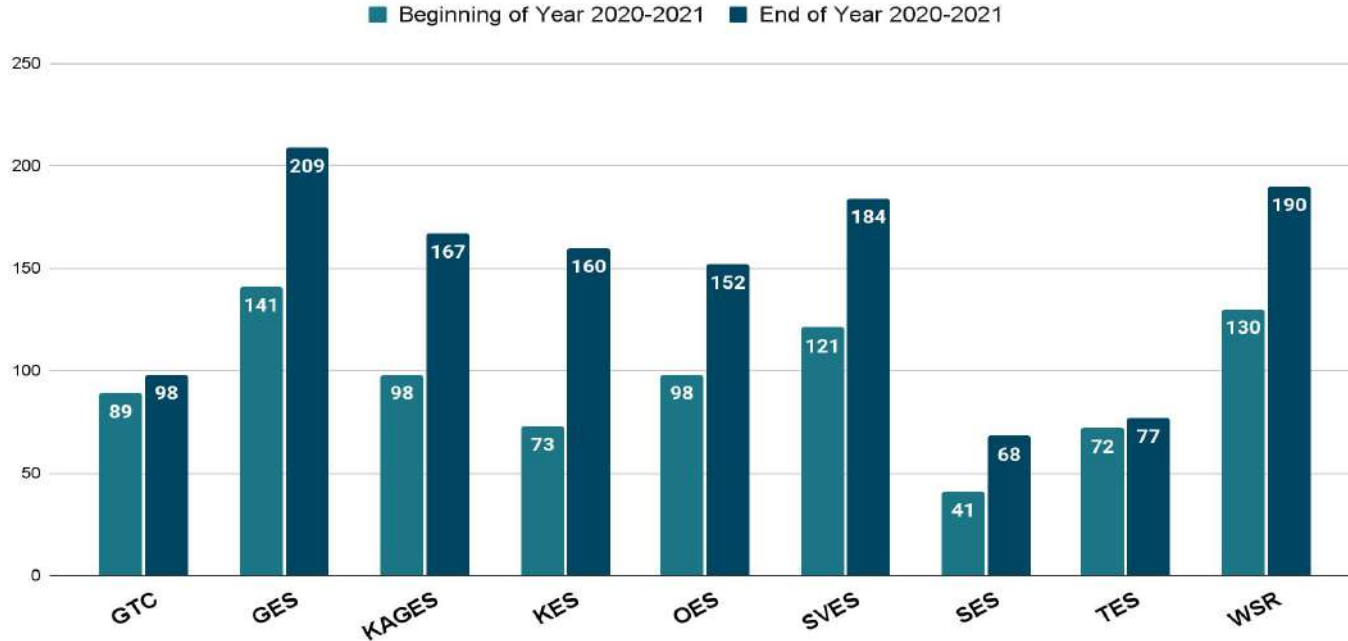

- 46% of elementary students are at or above reading proficiency benchmark based on STAR Reading Assessment
- 54% or 1544 elementary students are below the reading proficiency benchmark based on STAR Reading Assessment

Percentage of Elem. Students Per Benchmark based on STAR Reading Assessment

SY 2020-2021 STAR Reading Results ELEMENTARY (Grades 1-5)

Number of Elem. Students who are At or Above Proficiency Benchmark based on 40 Percentile Rank in STAR Reading

SY 2020–2021 STAR Reading Results MIDDLE SCHOOLS (Grades 6–8)

No. of Middle School students tested:

Beginning: 2,131
End of Year: 2,122

PSS Overall No. of Middle School Students who are At or Above

Proficiency Benchmark:
Beginning of Year: 721
End of Year: 707

Quantitative Finding/s

- 33% of middle school students are at or above reading proficiency benchmark based on STAR Reading Assessment
- 67% or 1,415 middle school students are below the reading proficiency benchmark based on STAR Reading Assessment

Percentage of Middle School Students Per Benchmark based on STAR Reading Assessment

SY 2020-2021 STAR Reading Results MIDDLE SCHOOLS (Grades 6-8)

Number of Middle School Students who are who are At or Above Proficiency Benchmark based on 40 Percentile Rank in STAR Reading

SY 2020–2021 STAR Reading Results HIGH SCHOOLS (Grades 9–12)

No. of High School students tested:

Beginning: 2,543

End of Year: 2,502

PSS Overall No. of High School Students who are At or Above

Proficiency Benchmark:

Beginning of Year: 845

End of Year: 837

Quantitative Finding/s

- 33% of high school students are at or above reading proficiency benchmark based on STAR Reading Assessment
- 67% or 1,665 high school students are below reading proficiency benchmark based on STAR Reading Assessment

Percentage of High School Students Per Benchmark based on STAR Reading Assessment

SY 2020-2021 STAR Reading Results HIGH SCHOOLS (Grades 9-12)

Number of High School Students who are At or Above Proficiency Benchmark based on 40 Percentile Rank in STAR Reading

SY 2020–2021 STAR Reading Results

No. of students tested:

Beginning: 7,118

End of Year: 7,477

PSS Overall No. of who are At or Above

Proficiency Benchmark:

Beginning of Year: 2,428

End of Year: 2,847

Quantitative Finding/s

- 38% or 2,847 students are at or above reading proficiency benchmark based on STAR Reading Assessment
- 62% or 4,630 students are below reading proficiency benchmark based on STAR Reading Assessment

No. of Students Who are At or Above Proficiency in STAR Reading

STAR Math Results

SY 2020-2021

SY 2020-2021 STAR Math Results ELEMENTARY (Grades 1-5)

No. of 1st Grade to 5th Grade students tested:

- Beginning: 3207
- End of Year: 3315

PSS Overall No. of Elem. Students Who are At or Above Proficiency Benchmark

- Beginning of Year: 943
- End of Year: 1261

Quantitative Finding/s:

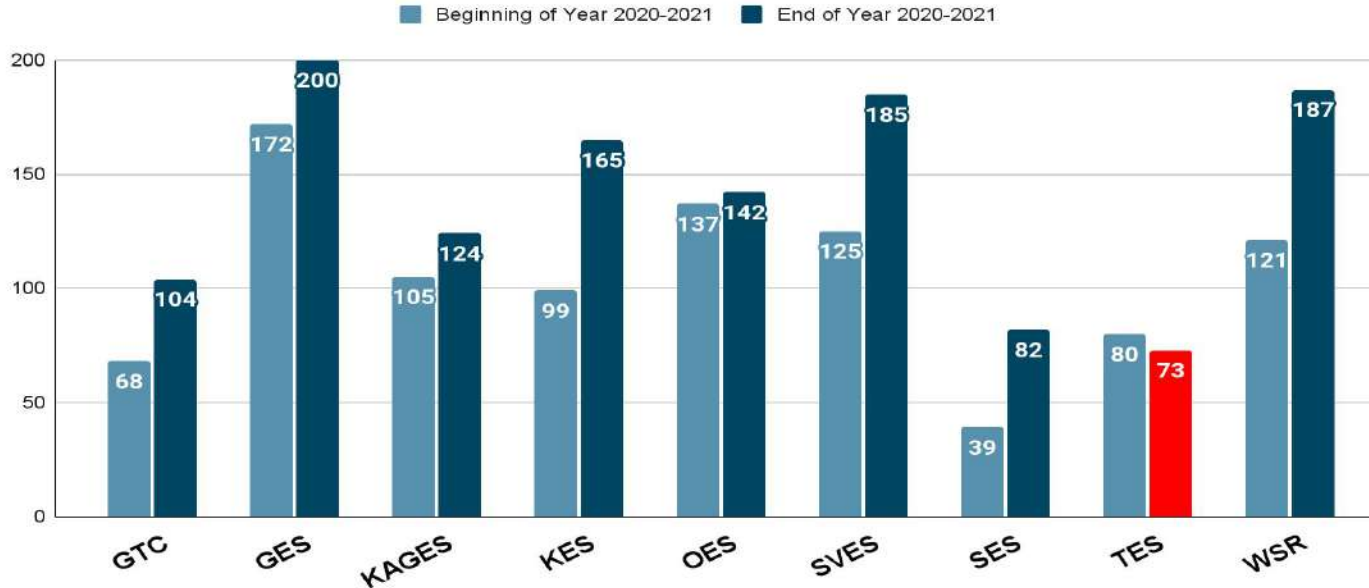

- 38% of elementary students who are at or above math proficiency benchmark based on STAR Math Assessment
- 62% or 2,054 elementary students are below math proficiency benchmark based on STAR math assessment

Percentage of Elem. Students Per Benchmark based on STAR Math Assessment

SY 2020-2021 STAR Math Results ELEMENTARY (Grades 1-5)

Number of Elem. Students who are At or Above Proficiency Benchmark based on 40 Percentile Rank in STAR Math

SY 2020-2021 STAR Math Results MIDDLE SCHOOLS (Grades 6-8)

No. of Middle School students tested:

- Beginning: 2116
- End of Year: 2257

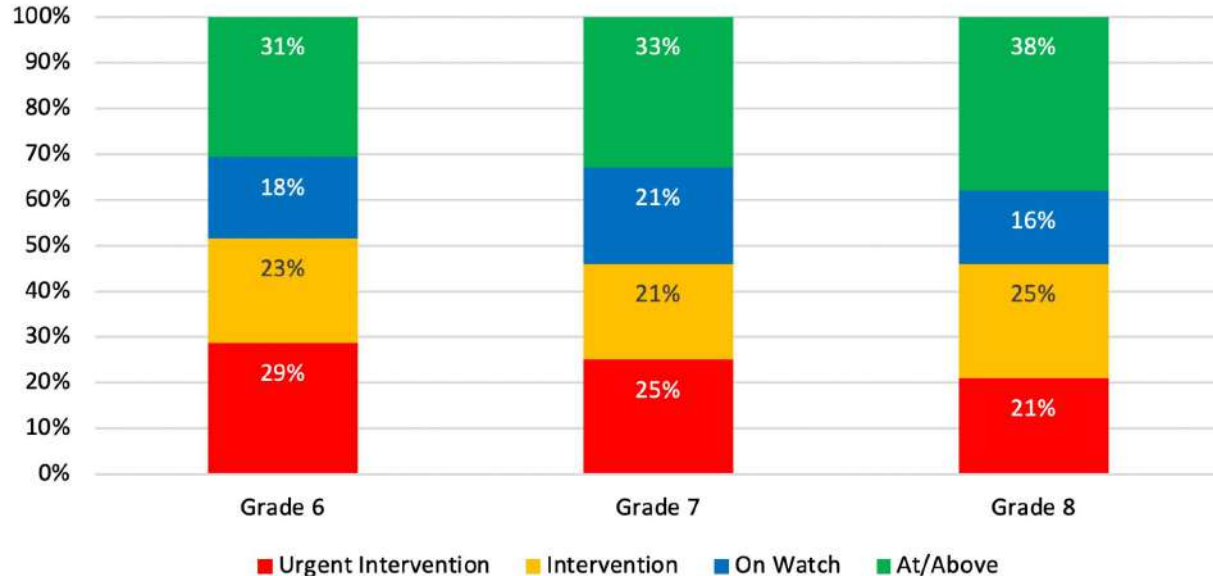

PSS Overall No. of Middle School Students Who are At or Above Proficiency Benchmark

- Beginning of Year: 721
- End of Year: 767

Quantitative Finding/s:

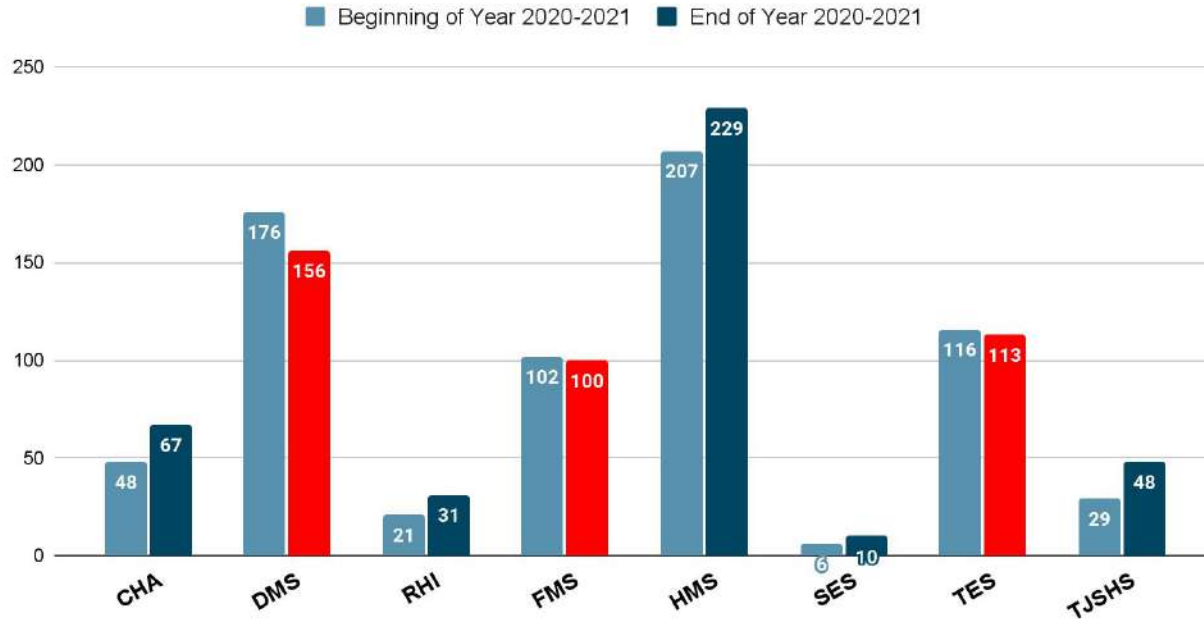

- 34% of middle school students are at or above math proficiency benchmark based on STAR Math Assessment
- 66% or 1,490 middle school students are below math proficiency benchmark based on STAR math assessment

Percentage of Middle School Students Per Benchmark based on STAR Math Assessment

SY 2020-2021 STAR Math Results MIDDLE SCHOOLS (Grades 6-8)

Number of Middle School Students who are At or Above Proficiency Benchmark based on 40 Percentile Rank in STAR Math

SY 2020-2021 STAR Math Results HIGH SCHOOLS (Grades 9-12)

No. of High School students tested:

- Beginning: 2438
- End of Year: 2412

PSS Overall No. of High School Students

Who are At or Above Proficiency

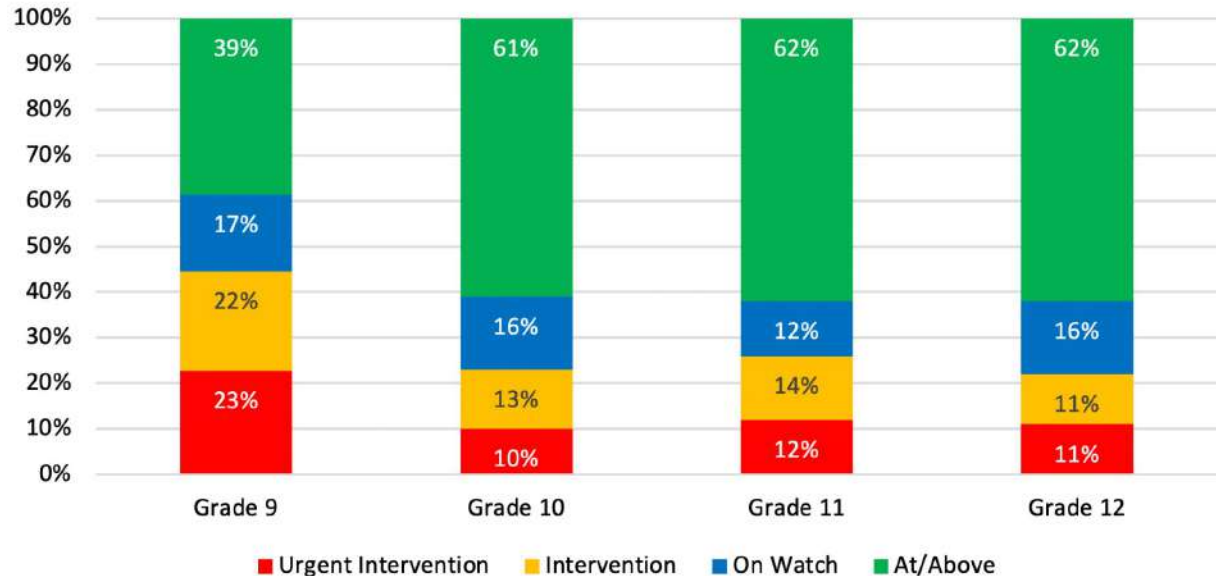

Benchmark:

- Beginning of Year: 1394
- End of Year: 1333

Quantitative Finding/s:

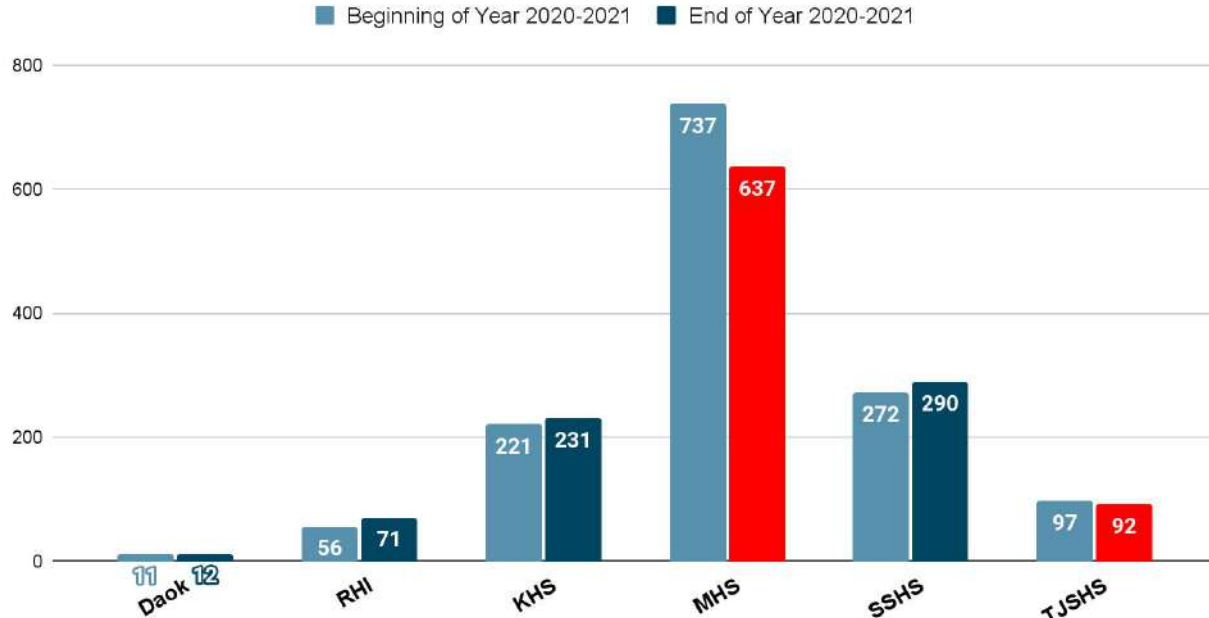

- 55% of high school students are at or above math proficiency benchmark based on STAR Math Assessment
- 45% or 1,079 high school students are below math proficiency benchmark based on STAR math assessment

Percentage of High School Students Per Benchmark based on STAR
Math Assessment

SY 2020-2021 STAR Math Results HIGH SCHOOLS (Grades 9-12)

Number of High School Students who are At or Above Proficiency Benchmark based on 40 Percentile Rank in STAR Math

SY 2020-2021 STAR Math Results

No. of students tested:

Beginning: 7,761
End of Year: 7,984

PSS Overall No. of who are At or Above

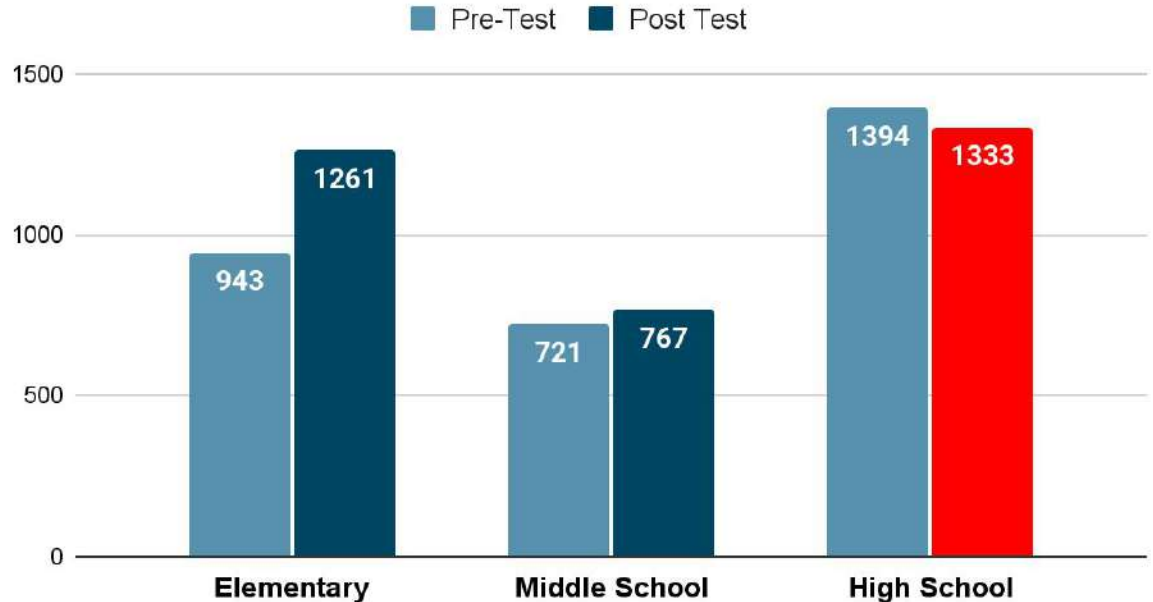

Proficiency Benchmark:

Beginning of Year: 3,085
End of Year: 3,361

Quantitative Finding/s

- 42% or 3,361 students are at or above reading proficiency benchmark based on STAR Reading Assessment
- 58% or 4,623 students are below reading proficiency benchmark based on STAR Reading Assessment

No. of Students Who are At or Above Proficiency in STAR Math

Root Cause of Learning Loss

1. Loss of instructional time
2. Students minimal experience in using an online platform
3. Middle school and high school students tend to help their smaller siblings at home and had no time to complete their work online.
4. Lack of monitoring of student activities at home
5. Issues on internet connectivity
6. Issues on technology device
7. Increase of social emotional needs due to COVID 19 restrictions

Commendations in mitigating the learning loss

1. Offered high dosage tutors to at risk students
2. Offered face to face summer school program for credit recovery
3. Offered project based learning activities during the summer program
4. Provided technology equipment including laptop/Ipad and mifi per student
5. Transitions from full online to hybrid
6. Provided social emotional learning support
7. Increase student support system

Summer School Data

SY 2020-2021

Summer School Attendance Data (Attendance Rate)

Average Daily Attendance Rate of Students who Attended the Summer Program during the SY2021

Summer School Assessment Data (STAR Reading)

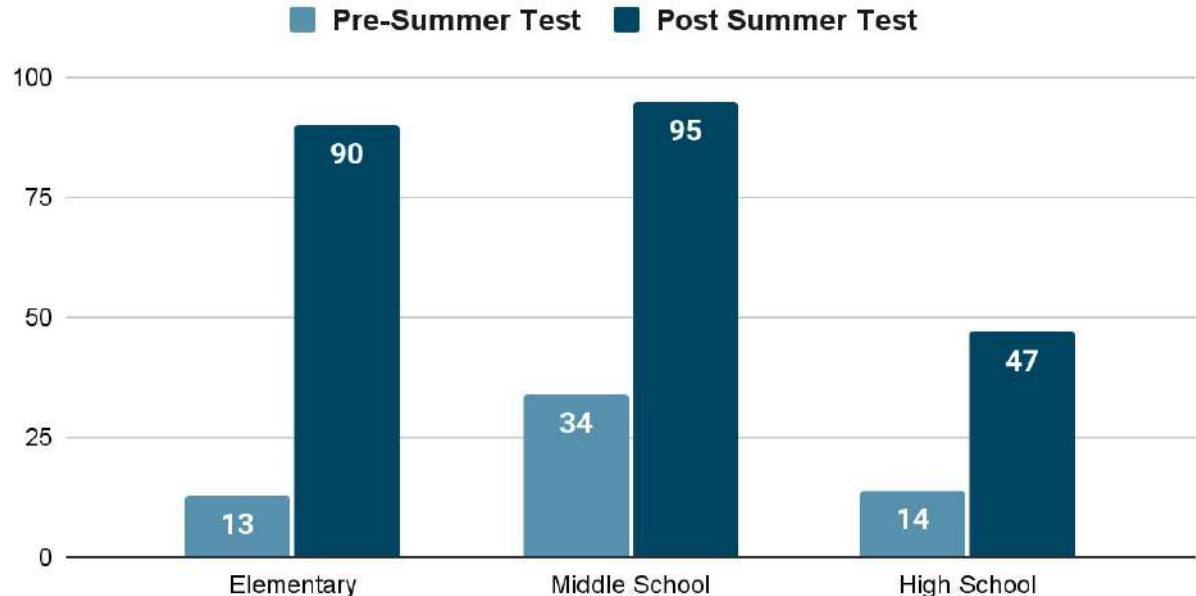

Total Number of Students tested:

- Elementary-679
- Middle School-530
- High School-307

Finding/s:

- Data shows that there is a significant increase of the number of students who score proficient and above in reading after applying the small group high dosage tutoring for 5 weeks.

Number of Students who are At or Above Proficiency Benchmark in Reading (Summer 2021)

Summer School Assessment Data (STAR Math)

Total Number of Students tested:

- Elementary-679
- Middle School-530
- High School-307

Finding/s:

- Data shows that there is a significant increase of the number of students who score proficient and above in math after attending the project based learning summer program for 5 weeks.

Number of Students who are At or Above Proficiency Benchmark in Math (Summer 2021)

PBL End of Summer Student Survey (K-2)

Finding/s:

The survey result shows that the Kinder to 2nd grade students liked the project based activities that the teacher gave them during the summer program for 5 weeks. They have expressed that their summer school was fun.

2021 PBL Summer Student Survey Result (K-2)

PBL End of Summer Student Survey (Gr. 3-12)

Finding/s:
