Peregrine Falcon Fastest Animal on Earth!

Peregrine Falcons mainly hunt other birds birds as small as a hummingbird and as big as a seagull! Their favorite target in much of their range is the pigeon. Peregrines will climb way, way up in the sky and then suddenly drop sharply into an ultra-streamlined dive, or "stoop," reaching 200 miles per hour or more before contact! Poor pigeons! Monday, April 5

Long ago, sailors used to suffer from a condition called "scurvy," until **British sailors** started taking a certain fruit (which contained a lot of vitamin ()

with them on their voyages. Like magic, no more scurvy! To identify these magical

fruits, trace a path through the maze, collecting letters as you go. Then, rearrange the letters you

found on the correct path to get the answer!

Happy Earth Day To April 22 is the "birthday" of Earth Day. The first was held in 1970!

The Pony Express began its 2,000-mile service from Missouri to California in April 1860. The cost was \$10 per ounce of mail, and delivery time was about 10 days.
