### DOs and DON'Ts of SIP-Aligned Federal Spending

This DOs and DON'Ts list is designed to help all school administrators and leadership teams make compliant, intentional, and high-impact spending decisions using federal funds aligned to your Schoolwide Improvement Plan (SIP). It is your responsibility to ensure that every cost or resource is strategically justified, properly documented, and aligned to SIP objectives and federal regulations.

You may also refer to the [Itemized Funding Allowability Matrix for Local, Federal, and ETC](#) for additional guidance. However, please note that many items/resources under **Federal** are marked as **"it depends"**.

This means that allowability will vary based on:

- How well the cost is aligned to your documented SIP
- Whether the cost is reasonable, necessary, and allocable
- Whether it follows the [FPO Logic Flow Flyer for SIP](#) aligned planning and justification
  - **Note: Nearly all costs may be allowable** - if the cost directly supports a documented SIP Activity (Strategy) designed to address or support an academic school need that ultimately achieves the SIP's objective and critical initiative, while addressing the root cause. In addition, the cost must be reasonable, necessary, and allocable.

SIP Alignment & Documentation	
<b>DO - Align every SIP Activity (Strategy) to a resource &amp; budget</b> that ultimately supports a school objective or critical initiative. ( <a href="#">Refer to FPO Logic Flow Flyer-click here</a> )	<b>DON'T - Fund activities (strategies) that are not tied to your SIP or developed outside the school planning process.</b>
<b>DO - Use the following Logic Flow</b> to justify spending decisions: <ul style="list-style-type: none"> <li>• Needs Assessment (backed by data) → Root Cause Analysis → Critical Initiative → Objective → Activity (Strategy) → Resources &amp; Budget (<a href="#">Refer to FPO Logic Flow Flyer-click here</a>)</li> </ul>  <p>The diagram illustrates the Logic Flow for Allowable SIP Resources &amp; Funding Allocation. It starts with a 'Needs Assessment' box, which leads to a 'PROBLEM STATEMENT' box. The 'PROBLEM STATEMENT' box leads to a 'ROOT CAUSE ANALYSIS' box. The 'ROOT CAUSE ANALYSIS' box leads to a 'CRITICAL INITIATIVE &amp; OBJECTIVE' box. The 'CRITICAL INITIATIVE &amp; OBJECTIVE' box leads to an 'ACTIVITY (STRATEGY)' box. The 'ACTIVITY (STRATEGY)' box leads to a 'RESOURCES &amp; BUDGET ALLOCATION' box. The 'RESOURCES &amp; BUDGET ALLOCATION' box leads to a 'SAMPLE ACTIVITY-BUDGET ALLOCATION' box. The diagram includes various boxes with text and arrows indicating the flow of the process.</p>	<b>DON'T - Submit a disconnected list of “nice-to-have” resources without documented needs or goals. Do not treat the budget as a wish list unrelated to actual school goals</b> <p>NOTE: Nearly all costs may be allowable - if the cost directly supports a documented SIP Activity (Strategy) designed to address or support an academic school need that ultimately achieves the SIP's objective and critical initiative, while addressing the root cause. In addition, the cost must be reasonable, necessary, and allocable.</p>
<b>DO - Ensure costs are reasonable</b> , reflecting what a prudent person would pay under similar conditions.	<b>DON'T - Request resources that are excessively priced, luxurious, or beyond typical school needs.</b>
<b>DO - Ensure costs are necessary</b> to achieve the SIP activity/strategy and ultimately, the SIP objective.	<b>DON'T - Fund resources that are optional, unrelated, or “nice to have” but not needed to achieve your SIP activity/strategy.</b>
